

## Product Certificate of Conformity

Thank you for choosing Enatel

The product(s) you have purchased has been manufactured and tested in an Enatel approved facility – Enatel is certified to ISO 9001:2015 and ISO 14001:2015. The product(s) has passed all manufacturing inspection and testing requirements including an automated final test. All final test records are retained, and a copy is available on request. Please retain your serial number to request test results.

The current product specification sheet is available for download from:
