### Enatel

### **Position Description**

Position: RMA Technician & Returns Coordinator

**Department:** Quality and Compliance (Service Team)

Reports to: Quality and Compliance Manager

Direct Reports: None

### Scope of Role:

The primary focus of the RMA Technician & Returns Coordinator role is to manage the RMA (Return Materials Authorisation) and associated functions in an accurate and timely manner.

To diagnose and repair Enatel product returned for service, write analysis reports and provide information regarding these failures to Quality Assurance, Engineering and Manufacturing to improve product quality.

### Key Responsibilities:

- The failure analysis and service of power conversion products returned from the field
- The upgrade of product for service to current version status
- Provide service reports to Quality Assurance, Engineering, Manufacturing and Sales.
- Administration tasks related to servicing
- Meeting service turnaround times

### **Return Material Authorisation Processing**

- Responding to customers' requests for product servicing and warranty information
- Formally issuing of Return Materials Authorisations (RMAs)
- Management of RMAs through Enatel from receipt to shipping
- RMA Acknowledgments

### **Customer Service**

• Responding to all customer queries within 24 hours of receipt

### Other duties:

• If time permits, supporting manufacturing technicians by training new technicians and helping service product failed in production.

#### **Required skills:**

- Strong technical knowledge of Enatel power conversion modules
- Ability to de-solder & solder through hole and SMT components

- Read and understand schematic diagrams and overlays
- Sound knowledge of electrical theory and anti-static precautions
- Experience using Microsoft Excel and Word
- Proficient in English, both oral and written
- Excellent problem-solving skills
- Ability to work both in a team and independently
- Positive attitude

### **Qualifications:**

- Tertiary qualification in Electrotechnology or partial qualification in Electrical Engineering
- Technical knowledge of power conversion products
- Previous experience in testing or servicing electronic devices

### Health & Safety

- Ensuring all Health & Safety policies and rules are followed, with all tasks completed in a safety conscious manner
- Adhere to all health and safety policies whether at our Christchurch premises or elsewhere

### Environmental

Enatel is committed to minimising the environmental impact of our operations and products.

• Ensuring Environmental policies and processes are followed

#### General

- Upholds the Enatel company values
- Contributes to the achievements of departmental goals and objectives
- Completes any other tasks, projects or duties as required by Management from time to time.

### **Key Relationships:**
